DEFINITIONS:

Drumline & Color Guard Camp is a requirement for all color guard, battery, and front ensemble members. Intensive time learning the routines for the contest & halftime show occurs at this camp.

Full Summer Band Camp is a requirement for all Lake Highlands Band Members. During this camp we begin learning the visual portion of our contest show. Additionally, Varsity marching spots are assigned during this camp and you must be present to be considered.

Band Registration is when each band student is fitted for their marching uniforms, including shirts, shoes, and gloves. This is also when families submit necessary administrative documents like emergency release and insurance forms. This is the easiest way for students, parents, and directors to take care of the necessary administrative tasks for the year.
